PARADISE RIDGE

2017 Pinot Noir Russian River Valley

Vineyard Notes

This wine was created from 3 different vineyards located within the esteemed Russian River Valley AVA. Two were cooler sites located in the sub region of Green Valley and bring red fruit, brambly components along with spice and plenty of natural acidity. The warmer site brought more lushness and volume together with a darker fruit spectrum.

Winemaker Notes

We lost our 2017 vintage wines in the horrific 'Tubbs Fire' that destroyed our winery. The wines that created this Pinot Noir were selected from a dozen or more extraordinary lots that were generously offered to us in the wake of this natural disaster. Within hours of the news of our winery loss many of our winemaker friends were making contact with support wanting to share their own special wines to replace the ones we lost in the fire.

So, after lots of tastings and several blending trials we created this completely unique and special Pinot Noir. A wine that cannot or will not ever be replicated ever again. Once blended we aged the wine for several months in 400L French oak puncheons, of which 15% was new.
